Work with deep tech in Axbit?

Arbeidsgiver: Axbit**Stillingstittel:** Tech Leads**Ansettelsesform:** Fast[Bli kjent med Axbit AS](#)

We are looking for experienced and passionate Tech Leads to join our team. You are an expert in analyzing customer needs and transforming them into deliverable solutions. You are a team player and are ready to take on responsibility as a technical lead, software architect or as a senior software developer together with your new colleagues in Axbit.

Your qualifications

BSc, MSc or PhD in computer science or engineering

A keen interest in programming, software development and new technology in general

Extensive hands-on experience with cloud platforms like Microsoft Azure, AWS or Google Cloud Platform as a developer or software architect

You are a skilled communicator, team player and good at understanding customer needs

Passionate about solving interesting problems!

Experience in one or more of these areas is a plus:

Frontend, backend or full stack web development

Android and iOS app development

Cloud, infrastructure, architecture

Kubernetes, Docker and Micro Services

Business Intelligence, Data science, pipelines, analytics

IoT, sensors, embedded

Distributed systems

UX and user focus

Team lead and product ownership

At Axbit, you will

Break down business problems into technical challenges and deliverables

Work in cross-functional teams with developers, designers and customers

Hjemmet favortitten til jobs

- Fun and challenging projects
- Competitive compensation to match skills and experience
- Great pension and insurance benefits
- Company cabin, lunch included, gym membership
- Nature and mountains in your backyard
- Workplace: Molde, Ålesund or Gdansk
- Possibility for remote work

You will have the opportunity to grow and learn, as well as contributing back to shaping our zero fuss technology driven organization. If this sounds interesting, send us your application and CV. Application text in Norwegian or English.

Om arbeidsgiveren

Axbit is a software company specializing in tailored solutions. Our goal is to be a partner in the digital transformation. We aim to help our customers become more efficient and see new opportunities with digital tools. Axbit was established on May 1, 2012. Initially, we worked primarily with internal and external IT solutions for Axess. Since 2014 we have expanded our customer portfolio, mainly in Møre og Romsdal, but also in other parts of the country. Axbit also focuses on the environment and sustainability. With our expertise, we want to contribute to sustainable solutions.
