Trondheim, 27 January 2019
Specific unit: The Process Modeling and Control Department (PMC)

Dear Sir/Madam,

I am writing to express my strong interest in the area of Technical engineering at Yara Technology Centre in Norway. As a fourth year Master's student currently studying Marine Technology at NTNU, I would greatly appreciate the opportunity to have a chance to join the summer job at Yara Technology Centre.

I have gained proficiency in the area of Finite element analysis for marine structure, Design methods, Simulation-based design, Advanced analysis of marine structures and Theory of CFD during the previous years. I have the following skills and qualifications as outlined in the job description:

- Experience developing codes based on Python and C++
- Proficiency in Matlab and familiarity in Maple and Simulink
- Good use of Inventor and CAD
- Familiarity in theory of CFD and limited knowledge in STAR-CCM+
- Proficiency in ANSYS both in APDL parametrical modeling and workbench and familiarity in ABAQUS
- Proficiency in both written and oral English

My enclosed resume provides more details of my skills and achievement track record. I am excited by the chance to engage in collaborating with a great group of people at Yara Technology Centre.

Yours sincerely,

Yaolin GE
